

How do I edit the default page in my ePortfolio section as a student?

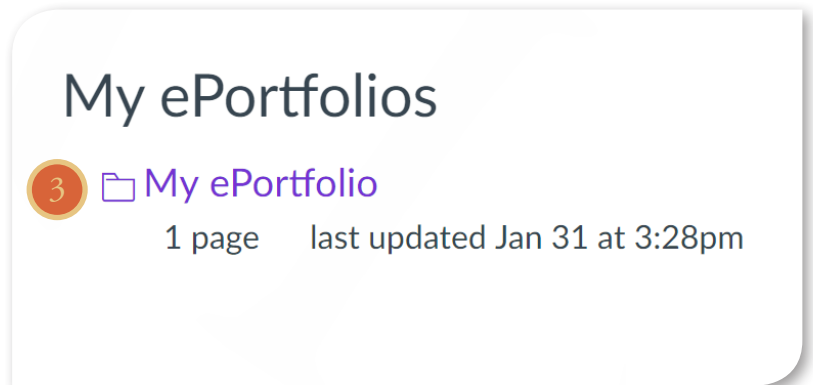

Open ePortfolios

In Global Navigation:

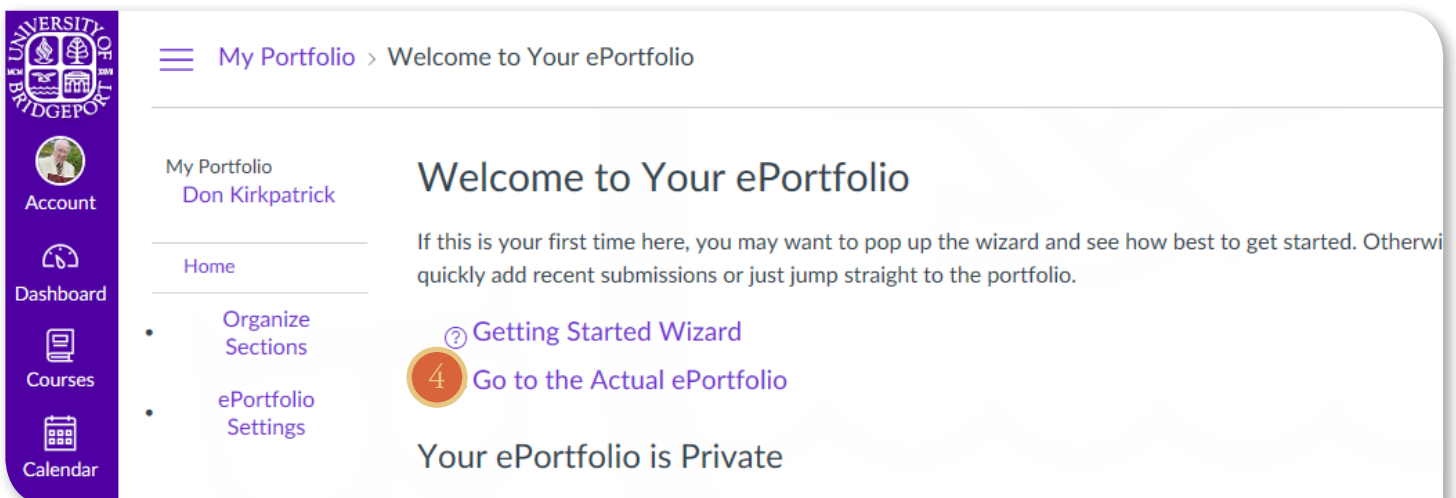

1. Click the [Account](#) link.
2. Click the [ePortfolios](#) link.

Open ePortfolios

3. Click the title of the ePortfolio.

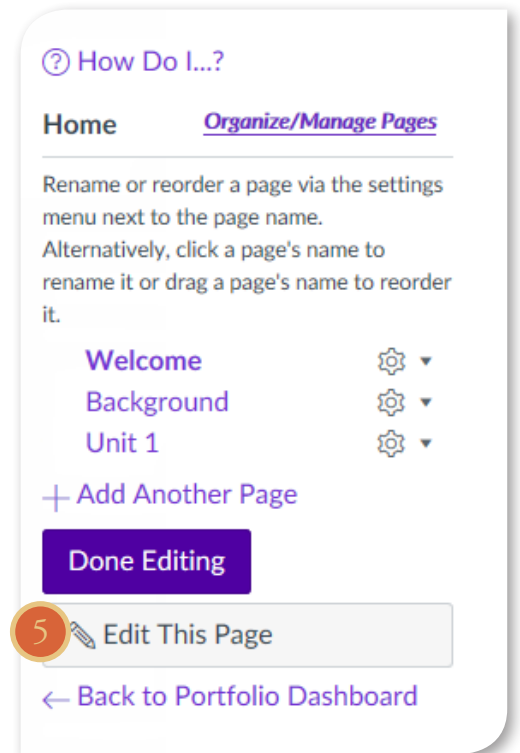

Go to ePortfolio

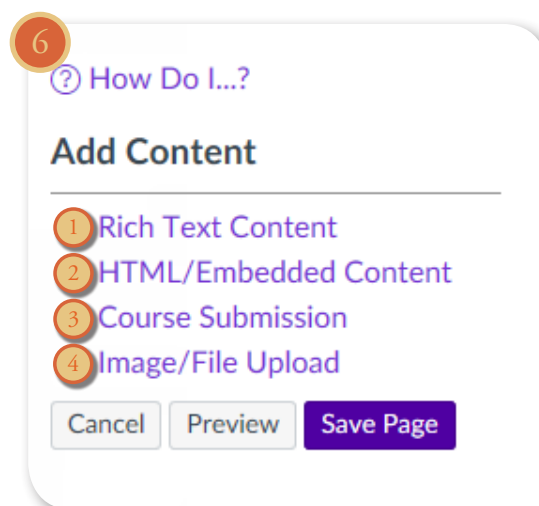

4. Click the Go to the Actual ePortfolio link to open your ePortfolio. The ePortfolio will open to the default page.

Edit Page

5. Click the **Edit This Page** button to add or change content on the default page.

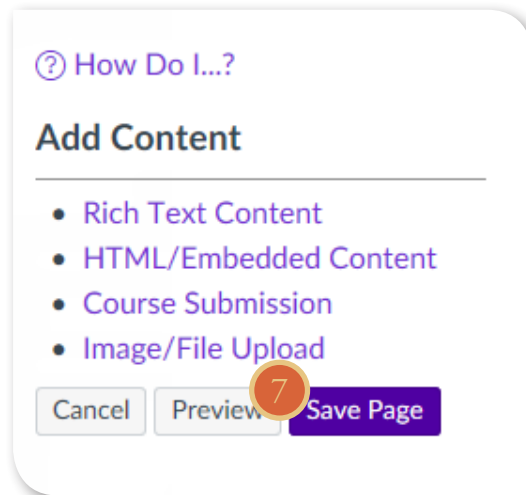

Add Content

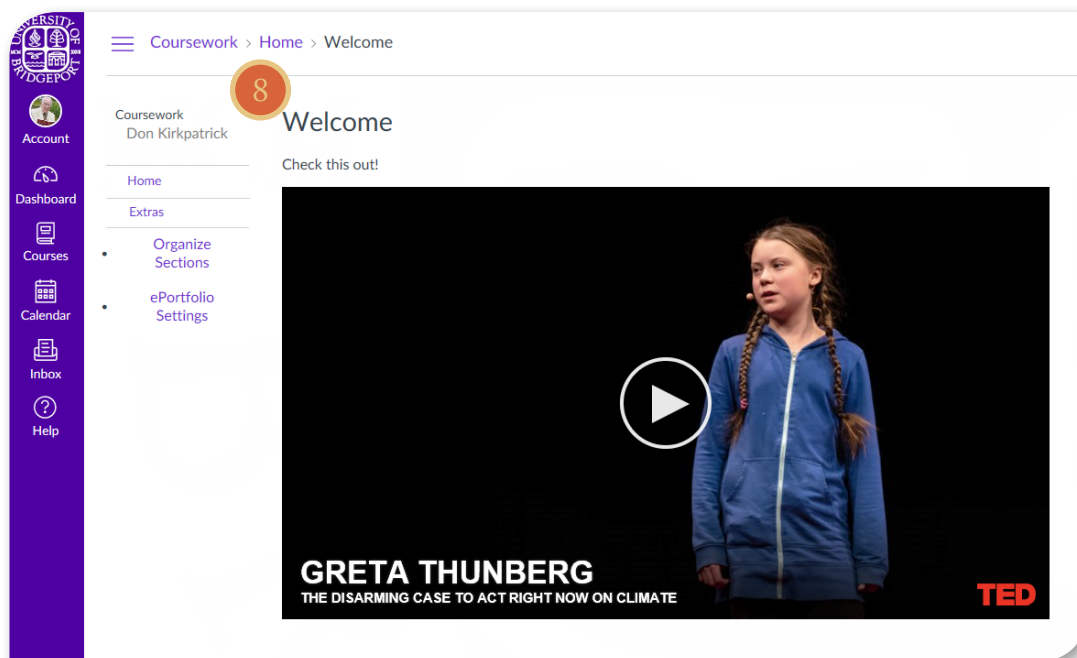

6. Content can be edited by using the Add Content links. You can add Rich Text Content [1], HTML/Embedded Content [2], Course Submissions [3], or Image/File Uploads [4].

Save Page

7. Click the Save Page button.

Add Content

8. View your changes to the default page.

For information on how to add Rich Text Content, please check the Canvas Basics course!
